FACULTY DISCLOSURE STATEMENT

It is the policy of Beth Israel Medical Center and St. Luke’s and Roosevelt Hospitals that faculty and sponsors disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). Detailed disclosure information will be made available in the course hand-out materials.
Dear Colleague:

The Department of Anesthesiology of St. Luke’s & Roosevelt Hospitals and the New York School of Regional Anesthesia (“www.NYSORA.com”) are pleased to invite you to attend the Third Annual Centers of Excellence in Regional Anesthesia Symposium titled:

A COMPREHENSIVE REVIEW OF REGIONAL ANESTHESIA

This Symposium is structured to offer a comprehensive update on the latest developments in the field and to present the best current regional anesthesia techniques and practice protocols. While the course is targeted to all anesthesia practitioners, its clear and well organized didactic program will make it equally suitable for anesthesia residents, fellows, other health care and health industry professionals.

By participating in this CME program, attendees will better understand the following important clinical aspects of regional anesthesia practice:

- The current and future trends in regional anesthesia
- Epidural and spinal anesthesia in orthopedic surgery
- Use of ultrasound-guided nerve blocks
- Upper extremity nerve blocks
- Avoiding neurologic complications after nerve blocks
- Postoperative management of patients having regional anesthesia with a multi-modal approach
- Practical pediatric regional anesthesia
- Nerve blocks for the lower extremity: Techniques and perioperative management of single injection and continuous nerve blocks
- Continuous nerve blocks: Why and how to set-up and run an outpatient perineural infusion service
- Case discussions in regional anesthesia

Ample time is planned for audience participation and discussion with the faculty. For this one of a kind educational opportunity, we have gathered some of the finest experts and leaders in the field. They all have vast experience in teaching and will address some of the bottom line issues that will help better manage your regional anesthetics. Attendees will also receive a complimentary meeting syllabus and an instructional CD-ROM with regional anesthesia techniques for home review. In addition to the intense learning session, we hope that the attendees and their families will not miss an opportunity to experience the glamour of New York City during Holiday Season.

To find out more about the program, please visit www.nysora.com.

Sincerely,

Admir Hadzic, MD, PhD  Jerry D. Vloka, MD, PhD

1535 Broadway at 45th Street
New York, NY 10036 ■ 1-800-228-9290

A block of rooms is available for symposium participants and can be reserved directly through the hotel. Please state that you are with the
“St. Luke’s Anesthesiology Conference”.

Your attendance at this symposium is guaranteed to be enriched by cultural and recreational opportunities that only New York City can
offer. The conference is held in the New York Marriott Marquis, where the sizzle of Broadway merges with the bustle of Times Square. Situated in the heart of Manhattan’s Midtown, right
on Broadway in the Theatre district, the hotel is in the immediate vicinity of the Center for the
Performing Arts, Carnegie Hall, Broadway theaters, numerous museums, and an
unlimited assortment of other entertainment possibilities. Central Park is within walking
distance with beautiful walks under the stars, paths for biking and jogging, lakes for boating
and ice-skating, and playgrounds for children. Of course, there is no end to the variety of
shops, restaurants, galleries, movies, and clubs you will find in and around the city.
Manhattan is really the best place for your Holiday shopping! If you would like to learn more
about New York’s many attractions, contact the New York Convention and Visitors Bureau,
